Historical Average Dividend

All dividends rates were established at year end 2019 for the year 2020

THIS DIVIDEND INFORMATION SHOULD BE USED TO ESTABLISH TRENDS, NOT TO JUDGE OR PREDICT PRODUCT PERFORMANCE
Using the dividend rate as an indicator of relative product performance is misleading. Higher dividend rates do not necessarily translate into a better performing product. Other factors such as mortality charges, expense factors, dividend crediting and reporting methodologies (e.g. net vs. gross) can impact product performance.
