(Please give a copy of this notice to the Proposed Insured.)

Important Notice

Since you are applying for insurance, we would like you to know more about our underwriting process.

The Underwriting Process

All forms of insurance are based on the concept of risk-sharing. Underwriters seek to determine the level of risk represented by each applicant, and then assign that person to a group with similar risk characteristics. In this way, the risk potential can be spread among all policyholders within a given risk group, assuring that each assumes their fair share of the insurance cost.

Underwriters collect and review risk factors such as age, occupation, physical condition, medical history, financial status and any hazardous avocations. The level of risk and premium for the amount of coverage requested is based on this information. In connection with this application for insurance, we may review your credit report or obtain or use a credit-based insurance score based on information contained in your report. This information is obtained from various sources such as, collection agencies, lenders, creditors, courts and utilities. We may use this information to decide whether to insure you or how much to charge. We may use a third party in connection with the development of your insurance score. You may request a copy of this report by writing to: The Lincoln National Life Insurance Company, PO Box 21008, Greensboro, NC 27420-1008.

Investigative Consumer Report

As a part of our routine procedure for processing your initial application, we may request an investigative consumer report. The agency making the report may keep a copy of the report and disclose its contents to others for whom it performs similar services. The report typically includes information such as identity and residence verification, character, reputation, marital status, estimate of net worth and income, occupation, avocations, medical history, habits, mode of living and other personal characteristics. Additional information is usually obtained from several different sources. Confidential interviews may be conducted with a business, banks, accountants, or other financial professionals or other references as designated by the applicant. Public records are carefully reviewed.

Past experience shows that information from investigative reports usually does not have an adverse effect on our underwriting decision. If it should, we will notify you in writing and identify the reporting agency. At that point, if you wish to do so, you may discuss the matter with the reporting agency.

You have the right to be interviewed as part of any investigative consumer report that is completed. If you desire such an interview, please indicate this at the time your application is submitted. If you request it, we will supply the name, address and telephone number of the consumer reporting agency so you may obtain a copy of the report.

Contestability

We strongly urge you to review the completed application closely for accuracy. During the 2 year contestability period described in the policy, a claim may be denied if the application contains false statements or misrepresentations, or fails to disclose material facts. In such a case, the policy could be void and coverage could be lost.

Pharmacy Benefit Manager (Rx Database Search)

We may request information on the medications you are taking provided by a Pharmacy Benefit Manager. If any adverse action is taken based on the information provided, we will notify you in writing and also provide you with the name, address and telephone number of the provider if you wish to obtain a copy of the pharmaceutical report.

MIB, Inc.

Information you provide regarding your insurability or claims will be treated as confidential. The Company or its reinsurers may make a brief report of it to MIB, Inc. This is a not-for-profit membership organization of life insurance companies which operates an information exchange on behalf of its members.
