

Velocity's digital Part II now automatically opts-in clients

Since launching our online medical questionnaire, the following benefits have been experienced:

- Throughput improvements of up to a week
- Enhancements to process based on your direct feedback
- Online applications completed in 1.3 days on average

Given these benefits, we will now automatically opt clients in to complete the medical questionnaire online, with the ability and flexibility to opt-out and utilize our TeleLife team to answer the Part II questions over the phone. This includes EZ-App, iPipeline, and other platforms as launched.

When utilizing all our Velocity capabilities, you might experience an average of 2.5 weeks processing time saved. Our digital suite is designed to simplify and accelerate the life insurance process for you and your clients.

Contact your Protective representative today about digital Part II or questions about Velocity.
